About Wonderland AI

Wonderland AI is a global summit that gathers world-class speakers from industry-leading companies that are driven by the same energy and the goal to make the future better using the power of Artificial Intelligence! The idea of the summit is to promote the democratization of knowledge in the field of AI through various approaches to artificial intelligence, as well as the expansion and promotion of technological innovations in a proactive and innovative way.

It is part of the Wonderland AI ecosystem made up of AI enthusiasts, researchers, and leaders in related fields gathered in the [Serbian AI Society](#), Wonderland AI Summit, Angelico, CITY AI, [Anari AI](#) - company that raised \$2 million to rebuild the ai hardware industry through personalized cloud chips.
